

UNICITY NEIGENE CONCENTRATED ILLUMINATING SERUM

There's a lot to be said for feeling young. When you're young, you feel like you'll live forever. There are less worries and responsibilities, allowing you to be carefree. Your body is in peak shape, so you can run farther and lift more. You feel energized, alert, and beautiful. Of course, aging has its benefits. There's a wisdom and confidence that comes with the years. There's stability, perspective, and knowledge.

Neigene Concentrated Illuminating Serum helps you have the best of

both worlds. This high-performance serum, inspired by revolutionary DNA research, uses carefully-selected ingredients to help your skin be its best at any age—no matter your skin type. The clinically-tested extracts work to lift, cleanse, and improve skin smoothness. This serum promotes the acceleration of surface skin cell turnover, helping to reduce appearance of the signs of aging. With transformed skin, you'll feel young again—but with all the perks that come from aging.
