

UNICITY BODY LOTION

People who work in harsh climates often apply body lotion on a regular basis, perhaps even daily.

Skin that is dried from wind, cold, or heat can be hard to treat with regular cosmetics. Some people have sensitive skin.

No matter which type of climate they live in, their skin can become dry and irritated easily, sometimes even from indoor heat.

The body lotion, applied after each shower or bath, can help to seal moisture deep in the skin to keep it hydrated and supple.

Also, enjoy the relaxing sensation of lotion applied to your feet, legs, or arms.

BENEFITS

- ✓ Protects the skin moisturizing, soothe and keep the skin healthy and radiant.
- ✓ Removes free-radicals which is cause of many diseases
- ✓ Strengthen moisturizing barrier on skin

SUGGESTED USE

Pump out the adequate amount and apply the product by massaging gently onto the skin after drying up from shower or bath.

TARGET CUSTOMER

Primary Target
: Current Unicity Customers.

Secondary Target
: People who want the effective moisturizing emulsion for body skin.
